# JOE KRUITDAMP

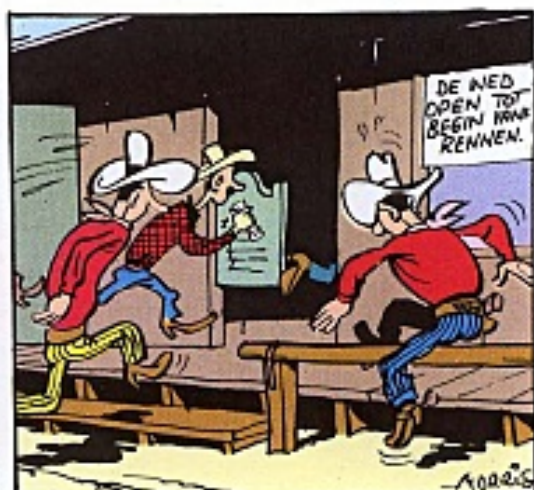

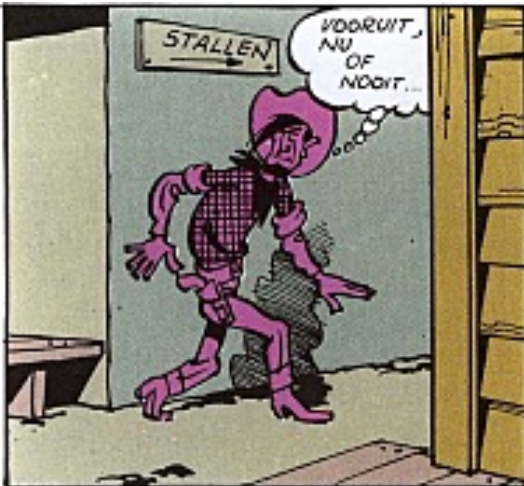

## komt terug

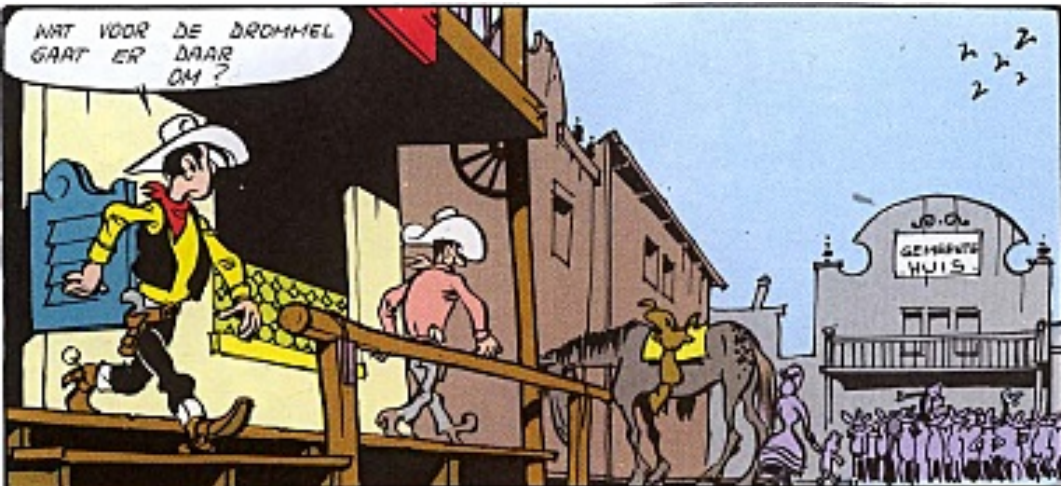

In 1865 eindigde de Secesoorlog, die vier jaar had gewoed. Dit betekende echter niet, dat orde en rust waren teruggekeerd. Het westen van de Verenigde Staten werd onveilig gemaakt door bandieten en avonturiers van alle slag. Van deze periode, waarin durf, dapperheid en rechtvaardigheidssin de hoogste deugden waren, wil ons verhaal een beeld ophangen.

# DE LASSO KNALT!

Als de cowboos van het Westen aan het bloeien gaan hangt ook de lente in de lucht. En met de lente breekt de beweging dagen van de -round-up- of het bloeiedriven van het vee binnen de -corals- (afsluitingen) aan. Binnen de -corals- wordt het vee geroeid met het kermek van de ranch, waartoe het hoort. Daar ook worden de dieren uitgekozen, die voor verkoop in aanmerking komen.

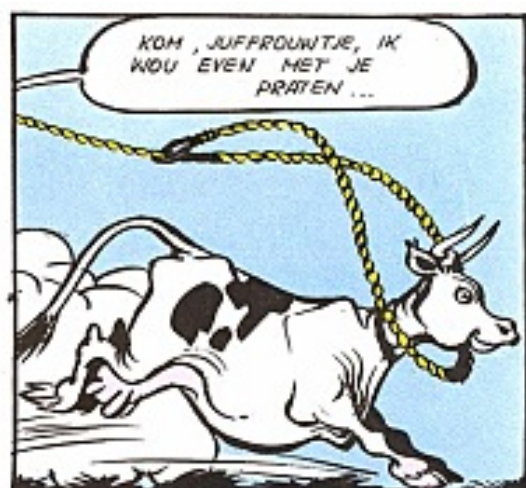

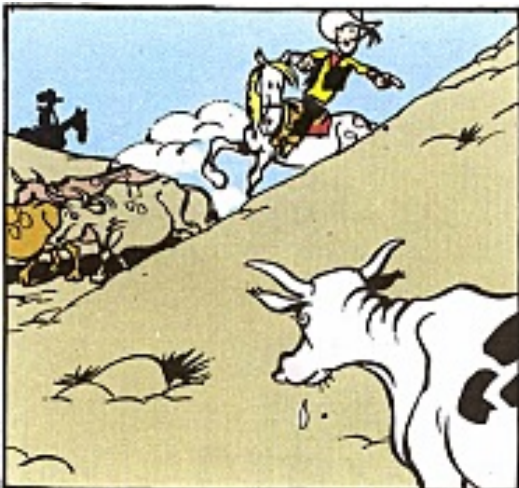

Gedurende deze tijd blijft de cow-boy trouw aan de natuur in het veld, sloopt in Gods vele natuur en neemt zijn maaltijden in de -chuck wagon- of reiswagen, die het caravaal begeleidt.

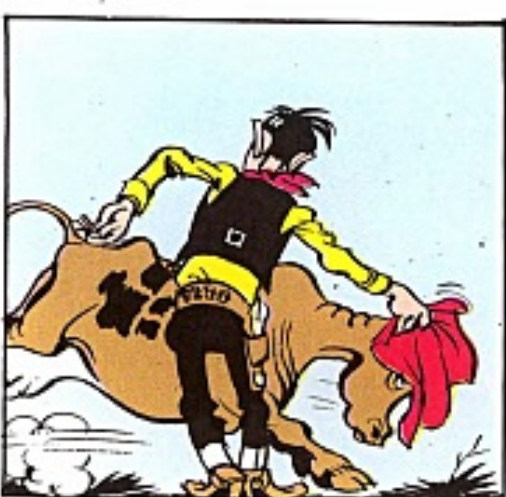

Zeker, het zijn vermoeide dagen voor de cow-boy's maar tevens is het een heerlijke tijd waarin overal de lucht vervuld is van het geklap der lasso's en het geroep der drivers. Maar 's avonds laat het kampvuur hoog op en de stemmige cow-boyleiders scheppen een sfeer van rust en schoonheid.
